Doris Dorman Trust Residential CUP – Ratification Letter

The Planning Board/Zoning Board of Adjustments unanimously approved Doris Dorman Residential Conditional Use Permit (with conditions) on June 7, 2018.

Staff does not expect any appeals on this CUP and recommends ratification of the project.

Greenland Planning Area

a. Doris Dorman Trust Residential CUP

Residential Conditional Use Permit Request

Location Address: NW Campbell WC 65

Approximately +/- 18.93 acres/ 1 lot

Proposed Land Use: Single Family Residential

Project #: 2018-132

Planner: Sita Nanthavong

Email: snanthavong@co.washington.ar.us

The Doris Dorman Trust is seeking Residential Conditional Use Permit approval to split 0.61 acres from parcel 001-06712-000 in order to clear up the south property boundary line between 001-06712-000 and 775-18038-002.

A recent survey shows the deed line is not the fence line as originally thought by both property owners. The new property boundary line goes through an existing garage building belonging to the Betty Bohannan Family Revocable Trust, the property owner of 775-18038-002. A split of 0.61 acres was agreed upon by both property owners to allow the Betty Bohannan Family Revocable Trust to retain its structure.

The applicant's property is in the Greenland Planning Area. The property owned by the Betty Bohannan Family Revocable Trust is in the City of Greenland's jurisdiction.

The applicant's property is in an area that is zoned Agriculture and Single Family Residential with tract or parcel size being no less than 1 acre (Sec. 11-194). The 0.61 acre proposed split does not fit into the standard county zoning and must be approved by the Planning Board and ratified by the Quorum Court.

If this project receives CUP approval, the proposed split must then receive approval from the City of Greenland. All conditions of Greenland approval must be completed. If the split is approved by the City of Greenland, this project must request administrative lot split approval from Washington County.

Staff does not expect this project to be contentious, and is recommending approval of the project, with conditions.

All neighbors within 300 feet of the boundary of this property were notified by certified mail of this Conditional Use Permit request. One neighbor comment has been received in favor of the project.

This project was not contentious, and staff recommended approval of the proposed Doris Dorman Trust Residential Conditional Use Permit, with conditions.

The Planning Board/ Zoning Board of Adjustments approved (5 members voted “in favor”, 0 members voted “against”, 2 members were not present, 0 members abstained) the project with the following conditions:

Planning Conditions:

1. This property split must be processed through both the City of Greenland and the County. Greenland’s approval is required before the County can process this split administratively.

Roads/Sight Visibility/Ingress-Egress/Parking Conditions:

1. Generally, any work (i.e. clearing, grading, driveway install) to be completed in the County Road Right-of-Way requires a permit from the Road Department prior to beginning work. Any tile that may be needed must be sized by the Road Department.

Environmental Conditions:

1. No stormwater permit is required by Washington County at this time; however, applicant must comply with all rules and regulations of the Arkansas Department of Environmental Quality. www.adeq.state.ar.us

Utility Conditions:

1. Any damage or relocation of utilities will be at the expense of the owner/applicant.

Additional and Standard Conditions:

1. Pay neighbor notification mailing fees within 30 days of project approval. Any extension must be approved by the Planning Office.
2. Any further splitting or land development not considered with this approval must be reviewed by the Washington County Planning Board/Zoning Board of Adjustments.
3. Lots that are over one-half acre in size will need to be addressed after the home location is known.
4. This CUP must be ratified by the Quorum Court.
5. It is the applicant’s responsibility to contact the Planning Office when inspections are needed.
6. All conditions shall be adhered to and completed in the appropriate time period set out by ordinance.
 - This project does not require additional Planning Board review. Therefore, all conditions of this CUP approval must be completed within 18 months of this CUP project’s ratification.

County Ordinance allows for an appeal period (for any party: applicant, neighbor, member of the public, etc) within 30 days of the Planning Board/ZBA approval. Even if the Quorum Court ratifies the CUP, the right of appeal remains until the 30 days has passed.

If an appeal is filed within the 30 day period then a subsequent hearing will be scheduled and held by the Quorum Court.
