4. Lay out septic system as designed.

Roads/Sight Visibility/Ingress-Egress/Parking Conditions:

1. A paved apron is required where the driveway connects to the county road. The dimensions of the paved apron will be determined by the Road Dept Superintendent.
2. Any work to be completed in the County ROW must be permitted prior to beginning construction. Please call (479) 444-1610 for permit.

Environmental Conditions:

1. At this time, no stormwater permit is required by Washington County; however, the applicant must comply with all rules and regulation of the Arkansas Department of Environmental Quality (ADEQ).

Signage/Lighting/Screening Conditions:

1. Planning Staff must review and approve any proposed signage prior to placing in on the property.
2. Signage cannot be placed in the County Road right-of-way.
3. Any outdoor lighting must be shielded from neighboring properties. Any lighting must be indirect and not cause disturbance to drivers or neighbors. All security lighting must be shielded appropriately.

Utility Conditions:

Ozarks Electric:

General Comments:

1. Any relocation of existing facilities or extension of line that has to be built specifically to feed this project will be at full cost to the developer.
2. All property corners and easements must be clearly marked before construction will begin.
3. All off site easements that are needed for Ozarks to extend electrical service to the property must be obtained by developer and easement documentation provided to Ozarks before work begins. On site easements must be shown on plat and recorded with the county.
4. All conduits placed at road crossings by developer must have 48 inch of cover at final grade and marked with post to identify end of conduits. (3 – 4 inch schedule 40 conduits to be used for electric only at all road crossings, conduits must extend past the edge of any obstructions so that they are accessible during construction.) There must be minimum separation of 12 inches between conduits for electric and conduits for other utilities. This is NESC code 354. All conduits for road crossings and specific widths of U.E. must be shown on final plat before Ozarks Electric will sign the final plat.
5. Transformer must have a minimum of 30 feet clearance from any structure. Any variation of this requirement must have written approval from an Ozarks representative.
6. Developer will need to contact Ozarks Electric and provide them with electrical load information before any cost to developer can be determined.
7. Developer to provide all trench and PVC conduits including PVC sweeps in accordance with Ozarks specifications. No metal conduit or metal sweeps are to be used.
8. Developer must provide Ozarks Electric with a Digital copy (AutoCAD) of the Final plat as well as a hard copy.
9. All Utility Easements to be cleared of all trees, brush, dirt piles, buildings and debris so that the easement is accessible with equipment. If easement is not cleared developer may be subject to extra charges.

10. Developer or contractor must apply for temporary construction service and permanent service before any design and cost is determined by Ozarks.
11. Please contact Ozarks Electric when construction begins on this project and again when construction is within three months of completion.

Planning Conditions:

General:

1. If a dumpster is desired, opaque screening for the dumpster enclosure (gate must also be opaque) is required.
2. Pay Mailing Fees (fees have not yet been calculated) within 30 days of approval.
3. Any further splitting or land development not considered with this approval must be reviewed by the Washington County Planning Board/Zoning Board of Adjustments.
4. This LSD is subject to all conditions of CUP (2018-258).
5. All Preliminary LSD conditions shall be adhered to and completed in the appropriate time period set out by ordinance.

Additional:

1. Fire code must be adequately addressed and approved by the Fire Marshal before construction may begin.
2. At Final LSD: Submit a statement, signed/stamped by Engineer, stating access from ADA parking spaces to the building is in compliance with ADA regulations, prior to building occupation.
 - At Final LSD: Submit a statement, signed/stamped by Engineer, stating the gravel in the fire lane is compacted to support 75,000 lbs in all weather conditions.

* County Ordinance allows for an appeal period (for any party: applicant, neighbor, member of the public, etc) within 30 days of the Planning Board/ZBA approval. Even if the Quorum Court ratifies the CUP; the right of appeal remains until the 30 days has passed. If an appeal is filed within the 30 day period then a subsequent hearing will be scheduled and held by the Quorum Court.

Washington County Quorum Court members,

My office has received notice from the Washington County IT department that we have three computers in our office that are outdated and are no longer under warranty. Our current computer systems will no longer support the newest operating systems being used in Washington County offices without crashing.

I need to make some line item transfers to accommodate these necessary purchases. I have been given a quote of \$4428.36 to replace all three computers. I am requesting to make these line item transfers from my Juror & Witnesses budget.

I am hopeful that I can make these transfers from my 2018 budget so that I do not have to request additional money in 2019 to accommodate these purchases. My docket for 2019 already has several large jury trials scheduled and I anticipate using more money from this line item next year.

I am attaching the letter from the Washington County IT Department requesting the computer updates and the reasons it is necessary. If you have any questions from them please contact Lisa Tolan.

If you need any additional information from me please contact my office.

Yours truly,

Doug Martin

Subject: Computer Replacement Advisory

Below is a list of the computers within your department that is outdated and no longer under warranty. It is highly advisable that you plan to replace the computers on this list, they are not supported with the newest operating system being deployed across the county and have been prone to issues, crashing and permanent failure.

Ideally we would recommend that you replace them as soon as possible, but want your department at a minimum plan for replacement in the 2019 budget year.

If you have any questions, please don't hesitate to contact our office anytime.
