Genesis Countertops and Accessories CUP

The Planning Board/Zoning Board of Adjustments approved the Genesis Countertops and Accessories CUP, with conditions, request on November 7, 2019 (5 members voted "in favor", 1 members voted "against", 1 member was absent).

The 30-day appeal window for this project has not yet fully run. An appeal of this approval may be filed; however, as an appeal remains uncertain at this time, staff recommends ratification of the approval of Genesis Countertops and Accessories CUP.

Ratification will not affect any appeal rights any person may have.

The Valle Family is seeking Conditional Use Permit approval to operate a granite countertop shop.

The zoning is for Agricultural and Single Family Residential uses with a maximum density of one (1) residential unit per acre.

The project parcel is in the Goshen planning area.

The project parcel (001-15309-001) is approximately 5.17 acres (more or less) in size and is owned by the applicant.

The project location is on the west side of Habberton Rd WC 89 and north of Guy Terry Rd WC 92.

The applicant has just purchased this property and hope to operate a granite countertop shop on it. The applicant plus a small workforce of 4-8 employees total will cut and polish granite slabs for kitchen and bathroom countertops.

The hours of operation will be Monday through Friday from 8:00am to 5:00pm. Saturday hours will be by appointment only between the hours of 9:00am to 1:00pm.

The applicant is proposing three (3) signs at already existing sign locations.

The existing building which the applicant will operate out of is approximately 10,000 square feet in size.

The project is not proposing any new development or roadways. The building itself will be outfitted to host the business and is less than an acre in size. A large scale development will not be required.

A total of sixteen (16) notices were mailed to surrounding property owners within 300 feet of the applicant's project parcel. One notification was received in opposition of the project.

This project was contentious. There were a total of five members of the public that spoke against the project. The concerns ranged from noise pollution to granite dust particles being released into the air.

One of the persons whom spoke stated that they were the president of their POA in a nearby subdivision and that they represented 50 lots.

It is not known if there will be appeals from the opposition at this time.
