## **Morrow Wireless Communications Facility CUP**

**The Planning Board/Zoning Board of Adjustments approved the Morrow Wireless Communications Facility CUP, with conditions, request on December 12, 2019 (6 members voted "in favor", 0 members voted "against", 1 member was absent).**

The applicant, Smith Communications, is seeking Conditional Use Permit approval to allow the development and operation of a wireless communications facility.

The zoning is for Agricultural and Single Family Residential uses with a maximum density of one (1) residential unit per acre.

The project parcel is not in a planning area.

The subject parcel (001-01642-000) is approximately 19.59 acres (more or less) in size and is owned by Jodi Redfeather.

The project location is on the south side of Hale Mountain Rd WC 3.

The lease area for the proposed facility is approximately 0.23 acres. The proposed tower itself will be 320 feet in height with a possible lightning rod which would extend the tower to 330 feet. The facility will be approximately 563.6 feet off Hale Mountain Rd WC 3.

The facility will be unmanned except for the once or twice a month a technician would be on site.

Should the Conditional Use Permit request be granted, the applicant will then submit for tower review, which may be administrative should the applicant be able to meet the requirements.

The applicant is not installing any type of building that will utilize septic/sewer.

A total of ten (10) notices were mailed to surrounding property owners within 300 feet of the applicant's project parcel. Two comments were received; both in opposition.

This project was not contentious despite public comments.

There were three people who commented: Michelle and Mark Skoggins, and James Hutchens. Both neighbors wondered why the applicant chose this spot for a wireless facility when there were possibly more suitable locations that were more remote. They worried about their views being blighted by the tower.

**The Planning Board/Zoning Board of Adjustments approved the Morrow Wireless Communications Facility CUP, with conditions, request on December 12, 2019 (6 members voted "in favor", 0 members voted "against", 1 member was absent).**

### **Utilities:**

#### *Ozarks Electric*

1. Any damage or relocation of existing facilities will be at owner's expense.
2. Any power line extension that has to be built to this property will be at the owner's expense. The cost will be determined after the owner makes application for electric service and the line has been designed.
3. All off site easements that are needed for Ozarks to extend electrical service to the property must be obtained by developer and easement documentation provided to Ozarks before work begins. On site easements must be shown on plat and recorded with the county.

4. Please contact Ozarks Electric if you have any questions. Wes Mahaffey At (479)263-2167 Or [wmahaffey@ozarksec.com](mailto:wmahaffey@ozarksec.com)
5. 30ft. U.E. along existing line

*PG Telco*

1. Please contact PG Telco for future needs if phone service is desired.

*Washington Water Authority*

1. Property is served off a 6" water main. If water service is desired at the newly created property, please fill out and submit a "Request for Water Service" with the WWA Office. Form can be found at ([washingtonwater.org](http://washingtonwater.org)).
2. The existing water main will run under the proposed access drive (~44' south of the centerline of Hale Mountain Road) and will need a designed encasement to protect the main for long term traffic/construction loading. Please contact the WWA office for more information.

**Fire Issues:**

*Fire Marshal*

1. The road shall be a minimum of 12' wide with 38' turning radius and an approved turnaround. There will need to be turnouts every 500' that are 10' wide and 30' long.
  - a. D103.2 Fire apparatus access roads shall not exceed 10 percent in grade.
    - i. Exception: Grades steeper than 10 percent as approved by the fire chief.
  - b. D103.3 The minimum turning radius shall be determined by the fire code official.
  - c. D103.4 Dead-end fire apparatus access roads in excess of 150 feet shall be provided with width and turnaround provision in accordance with table D103.4
  - d. 13'6" height clearance on driveway to tower add around tower
  - e. Fire Lane No Parking at front entrance.
2. There shall be a submitted statement from an engineer with their stamp of approval stating the drive is compacted to 75,000 pounds in all weather conditions.
  - a. D102.1 Facilities, buildings, or portions of buildings hereafter constructed shall be accessible to fire departments apparatus by way of an approved fire apparatus access road with an asphalt, concrete or other approved driving surface capable of supporting the imposed load of 75,000 pounds.
3. The proposed project has a fire-flow that can be met by tanker support from the local Fire Department. The property shall not be split any further without an established water supply approved by the Washington County Fire Marshal.
  - a. 507.1 Required water supply. An approved water supply capable of supplying the required fire flow for fire protection shall be provided to premises upon which facilities, buildings or portions of buildings are hereafter constructed or moved into or within the jurisdiction.
  - b. 507.5.1 Where required. Where a portion of the facility or building hereafter constructed or moved into or within the jurisdiction is more than 400 feet from a hydrant on a fire apparatus access road, as measured by an approved route around the exterior of the facility or building, on-site fire hydrants and mains shall be provided where required by the fire code official.
    - i. Exceptions:
      1. For Group R-3 and Group U occupancies, the distance requirement shall be 600 feet.
      2. For buildings equipped throughout with an approved automatic sprinkler system installed in accordance with Section 903.3.1.1 or 903.3.1.2, the distance requirement shall be 600 feet.
4. The property shall not be split any further or in a way that would require an approved fire apparatus access road without approval by the Washington County Fire Marshal.
  - a. 503.1.1 Buildings and facilities. Approved fire apparatus access roads shall be provided for every facility, building or portion of a building hereafter constructed

or moved into or within the jurisdiction. The fire apparatus access road shall comply with the requirements of this section and shall extend to within 150 feet of all portions of the facility and all portions of the exterior walls of the first story of the building as measured by an approved route around the exterior of the building or facility.

- i. Exception: The fire code official is authorized to increase the dimensions of 150 feet where:
  1. The building is equipped throughout with an approved automatic sprinkler system installed in accordance with section 903.3.1.1, 903.3.1.2 or 903.1.3
  2. Fire apparatus access roads cannot be installed because of location on property, topography, waterways, non-negotiable grades or other similar condition, and an approved alternative means of fire protection is provided.
  3. There are not more than two Group R-3 or Group U occupancies.
5. New and Existing Buildings shall have approved address numbers, building numbers, or approved building identification placed in a position that is plainly legible and visible from the street or road fronting the property.
  - a. 505.1 New and Existing Buildings shall have approved address numbers, building numbers, or approved building identification placed in a position that is plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their backgrounds. Where required by the fire code official, address numbers shall be provided in additional approved locations to facilitate emergency response. Address numbers shall be Arabic numbers or alphabetical letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch. Where access is by means of a private road and the building cannot be viewed from the public way, a monument, pole, or other sign or means shall be used to identify the structure. Address numbers shall be maintained.
  - b. 505.2 Street or road signs. Streets and road shall be identified with approved signs. Temporary signs shall be installed at each street intersection when construction of new roadways allows passage by vehicles. Signs shall be of an approved size, weather resistant and be maintained until replaced by permanent signs.
6. Should a building or generator be added to the site they shall obtain approval from the Washington County Fire Marshal.
7. Any gate? Needs to be size of road. Knox Lock

**Health Department:**

1. Please contact the Arkansas Department of Health should the need for septic arise in the future.

**Washington County Road Department:**

1. Any work in the County Right of Way will require a permit. Please contact the Road Department.
2. There is to be no parking in the Washington County right of way at any time.

**Drainage:**

1. A drainage report will be required during the tower review phase.

**Environmental Concerns:**

1. No stormwater permit is required by Washington County at this time; however, applicant must comply with all rules and regulations of the Arkansas Department of Environmental Quality. [www.adeq.state.ar.us](http://www.adeq.state.ar.us)

**Signage:**

1. No signage is allowed within Washington County's road right-of-way (ROW).
2. Signs are limited to 24 square feet in size with an approximate height of no more than 8 feet. The sign must not be lit from within, but can utilize "up" lighting.

**Lighting:**

1. All outdoor lighting must be shielded from neighboring properties, and any lighting must be indirect and not cause disturbance to drivers or neighbors. Additionally all security lighting must be shielded appropriately (see attached diagram).

**Screening:**

1. The applicant must utilize an opaque screening method.

**Additional and Standard Conditions:**

1. Pay neighbor notification mailing fees within 30 days of project approval. Any extension must be approved by the Planning Office (fees will be calculated once the info is available from the post office). This total will be calculated for this project once all invoices are received.
2. Pay any engineering fees. This total will be calculated for this project once all invoices are received.
3. Any further splitting or land development not considered with this approval must be reviewed by the Washington County Planning Board/Zoning Board of Adjustments.
4. **This CUP must be ratified by the Quorum Court.**
5. **It is the applicant's responsibility to contact the Planning Office when inspections are needed.**
6. All conditions shall be adhered to and completed in the appropriate time period set out by ordinance.
