## **Independent Auditor's Report**

County Quorum Court  
Washington County, Arkansas, Federal Programs  
Washington County, Arkansas

### **Report on Schedule of Expenditures of Federal Awards**

We have audited the accompanying schedule of expenditures of federal awards – cash basis of Washington County, Arkansas, Federal Programs, a component unit of Washington County, Arkansas, for the year ended December 31, 2020 and the related notes (the “financial statement”).

#### *Management's Responsibility*

Management is responsible for the preparation and fair presentation of the financial statement in accordance with the cash basis of accounting as described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statement referred to above presents fairly, in all material respects, the expenditures of federal awards of Washington County, Arkansas, Federal Programs for the year ended December 31, 2020 in accordance with the cash basis of accounting as described in Note 1.

### *Basis of Accounting*

We draw attention to Note 1 of the financial statement, which describes the basis of accounting. The financial statement is prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

### *Other Matters*

Our audit was conducted for the purpose of forming an opinion on the financial statement of the federal programs as a whole. The accompanying supplementary information contained on pages 7 through 13 is presented for purposes of additional analysis and is not a required part of the financial statement. Such information has been subjected to auditing procedures applied in the audit of the financial statement of the federal programs and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

### **Report Issued in Accordance With *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued a report dated September 28, 2021, on our consideration of Washington County, Arkansas, Federal Programs' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Washington County, Arkansas, Federal Programs' internal control over financial reporting and compliance.

Weapons of Mass Destruction Grant FY 2019	FY-19-SHSGP-WMD	WMD-FY19

- b. **Financial reporting** – This report includes all funds and accounts directly related to the above mentioned grants.
- c. **Basis of presentation** – The SEFA includes the federal grant activity of the County under programs of the federal government for the year ended December 31, 2020. The information in the SEFA is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit*

## Notes to Schedule of Expenditures of Federal Awards – Cash Basis

For the Year Ended December 31, 2020

1. **Summary of Significant Accounting Policies (cont.)**

*Requirements for Federal Awards.* Because the SEFA presents only a selected portion of the operations of the County, it is not intended to and does not include all of the funds and account groups relevant to the operations of the County.

- d. **Basis of accounting** – Expenditures reported on the SEFA are reported on the cash basis of accounting which is a comprehensive basis of accounting other than generally accepted accounting principles. All transactions relating to the County’s participation in the federal programs are recognized as either cash receipts or disbursements. Noncash transactions are not recognized in the SEFA. Disbursements are recognized following the cost principles contained in the U.S. Office of Management and Budget *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The County operates under an elected form of government similar to a mayor-council format. Accounting principles generally accepted in the United States of America require that the reporting entity include (1) the primary government, (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete. The criteria provided in the Government Accounting Standards Board Statement No. 14, “The Financial Reporting Entity,” have been considered. The SEFA represents only the federal programs of the County, and does not include data of other funds of the primary government necessary for reporting in conformity with accounting principles generally accepted in the United States of America.

2. **Indirect Cost Rate**

The County has not elected to use the 10% de minimis indirect cost rate as allowed in the Uniform Guidance, Section 200.414, “Indirect (F&A) Costs.”

3. **Contingencies**

The County is subject to possible examinations with respect to grants made by regulations governing its grant activities. These examinations may result in refunds by the County to the grantors in the event of noncompliance.

4. **Subrecipients**

Several local governmental law enforcement agencies are subrecipients for the Office of National Drug Control Policy High Intensity Drug Trafficking Area grants. Disbursements to subrecipients are considered to be made when the grants’ funds are received and then subsequently disbursed to the subrecipients.

**Independent Auditor’s Report on Internal Control Over Financial Reporting  
and on Compliance and Other Matters Based on an Audit of Financial  
Statements Performed in Accordance With *Government Auditing Standards***

County Quorum Court  
Washington County, Arkansas, Federal Programs  
Washington County, Arkansas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the schedule of expenditures of federal awards (“SEFA”) of Washington County, Arkansas, Federal Programs (the “County”) for the year ended December 31, 2020, and the related notes to the SEFA, and have issued our report thereon dated September 28, 2021.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the SEFA, we considered the County’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the SEFA, but not for the purpose of expressing an opinion on the effectiveness of the County’s internal control. Accordingly, we do not express an opinion on the effectiveness of the County’s internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County’s SEFA will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's SEFA is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the SEFA. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each  
Major Federal Program and Report on Internal Control  
Over Compliance in Accordance With the Uniform Guidance**

County Quorum Court  
Washington County, Arkansas, Federal Programs  
Washington County, Arkansas

**Report on Compliance for Each Major Federal Program**

We have audited the Washington County, Arkansas, Federal Programs' (the "County") compliance with the types of compliance requirements described in the U.S. Office of Management and Budget *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2020. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

*Management's Responsibility*

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

*Auditor's Responsibility*

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

### *Opinion on Each Major Federal Program*

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

### **Report on Internal Control Over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
