**MINUTES OF THE  
REGULAR MEETING OF THE  
WASHINGTON COUNTY QUORUM COURT**

Thursday, March 16, 2023  
6:00 PM  
Washington County Courthouse

10 Judge Patrick Deakins called the meeting to order at 6:00 PM.

11  
12 The following members were present, Justice of the Peace Taylor, Wilson, Simons,  
13 Anderson, Lyons, Ecke, Dean, Washington, Coger, Dennis, Rios Stafford, Leming,  
14 Ricker, Pond. Justice Highers was absent.

15  
16 Prayer and Pledge was led by JP Dean.

17  
18 JP Lyons made a motion to approve the agenda, JP Anderson made a second. Agenda  
19 was approved by a voice vote unanimously.

20  
21 JP Dean made a motion to read all ordinances and resolutions by title only, second was  
22 made by JP Washington and passed with a voice vote.

23  
24 Citizen's comments were heard from Terry Davis, Leslie Walker, Robert Waller, Molly  
25 Clinelum and Lou Reed Sharp.

26  
27 JP Leming made a motion to approve minutes of the February 16, 2023 Quorum Court  
28 Meeting with second from JP Lyons, passed with a voice vote.

29  
30 Judge's Report as follows:

- 31 1. Disposal report is in your packet  
32 2. Highlight some of the amazing work that COS Johnson is doing for the county:  
33 a. Working very hard on the settlement of the roofing claim that has been pending  
34 for years  
35 b. Work to rehab the first floor of the Courthouse  
36 c. Preparing to remediate the leaking problem with regard to the Courthouse façade  
37 3. Introduce Washington County economic assessment booklets  
38 a. This study was commissioned by my predecessor, Judge (Now Secretary)  
39 Joseph Wood. It is meant to give you insights on key statistics and demographics of our  
40 county. The hope is that it will be an asset to you as you continue to lead our county into  
41 the future.  
42 b. I personally found the comparable areas around the country to be very  
43 interesting.  
44 4. Jail tour with local legislators  
45 a. Thank those who came to participate  
46 b. Highlight the amazing challenge that presents – our criminal justice system is so

47 intertwined. Not just the state's relationship with the county, but also how any changes  
48 at any point in that system has huge cause and effect impacts

49 c. We as a county anxiously await prison and parole legislation to be presented at  
50 the state level, and we are encouraged by the legislators we have representing us in  
51 Little Rock and their commitment to hear local voices.

52 5. Touch on the Hunt Rogers appeal process

53 a. Neighbors told that appeals of LSD could be heard by Quorum Court, however,  
54 this decision can only be heard by the County Judge. This was a major misstep by the  
55 Planning Department, and has majorly contributed to confusion. I apologize for all of  
56 that.

57 b. Appeals of LSD decisions by the planning board are quite rare. Our team had no  
58 knowledge of working through one of those before. But government has to work even in  
59 the rare circumstances, and I can assure you that we are taking the proper measures to  
60 correct the issue.

61 c. Specifically, working with JP Rios Staff, we discovered that there seems to be a  
62 dated form accessible either through search or on our website. We are working to track  
63 that down and get the most updated forms in all the right locations.

64 6. Update on Emergency Operations Center

65 a. We have decided to locate that on the south campus, with 2-3 sites still pending  
66 there

67 b. We see a lot of benefits with keeping our county assets together

68 c. When we get final site selection, we will be coming to QC quickly for an  
69 appropriation to start architectural and engineering design. That work will inform total  
70 project cost

71 7. Library board appts

72 a. West Fork – Susan McCown

73 b. County-wide – Shelley Ricker

74 JP Ecke made a motion to accept Appointments for Library Board with a second from  
75 JP Dean, passed with a voice vote.

76

77 Judge Deakins introduced item 8 of unfinished business and was read by title only by  
78 County Attorney Lester, AN ORDINANCE RATIFYING A CONDITIONAL USE PERMIT

**ORDINANCE NO. 2023-**

**APPROPRIATION ORDINANCE**

**BE IT ENACTED BY THE QUORUM COURT OF THE COUNTY OF WASHINGTON, STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED:**

**AN ORDINANCE APPROPRIATING UNUSED ARPA FUNDS IN THE UNAPPROPRIATED RESERVES OF THE 911 BUDGET TO THE ARPA FUND BUDGET FOR 2023.**

**WHEREAS**, Ordinance 2022-83 appropriated the total amount of \$482,313.27 from the ARPA Fund to the Other Professional Services line item in the 911 Budget to remodel the dispatch center at the Sheriff’s Office in order to consolidate the County PSAPs required by the State; and,

**WHEREAS**, Ordinance 2022-84 appropriated the total amount of \$640,000 from the ARPA Fund to the Lease – Machinery and Equipment line item in the 911 Budget to lease dispatch consoles for Washington County; and,

**WHEREAS**, there currently remains unspent, but obligated, the total amount of \$946,663.28; and,

**WHEREAS**, the County Treasurer requests that these funds be transferred back to the ARPA Budget to better track the funding for federal reporting purposes.

**NOW, THEREFORE, BE IT ORDAINED BY THE QUORUM COURT OF WASHINGTON COUNTY, ARKANSAS:**

**ARTICLE 1.** There is hereby appropriated \$306,663.28 from the 911 Fund (3020) to the Lease – Machinery & Equipment line item in the ARPA Budget (30460568.3073) for 2023 for dispatch consoles.

**ARTICLE 2.** There is hereby appropriated \$640,000 from the 911 Fund (3020) to the Other Professional Services line item in the ARPA Budget (30460568.3009) for 2023 for dispatch PSAPs.

Drafted by: County Attorney Brian R. Lester

**RESOLUTION NO. 2023-**

**BE IT RESOLVED BY THE QUORUM COURT OF THE COUNTY OF WASHINGTON, STATE OF ARKANSAS, A RESOLUTION TO BE ENTITLED:**

**A RESOLUTION OF THE QUORUM COURT OF WASHINGTON COUNTY, ARKANSAS CERTIFYING LOCAL GOVERNMENT ENDORSEMENT OF CYPRESS COLD STORAGE, LLC TO PARTICIPATE IN THE CONSOLIDATED INCENTIVE (TAX BACK) ACT OF 2003.**

**WHEREAS**, in order to be considered for participation in the Tax Back Program, the local government must endorse a business to participate in the Tax Back Program; and,

**WHEREAS**, the local government must authorize the refund of local sales and use taxes as provided in the Consolidated Incentive Act of 2003; and,

**WHEREAS**, said endorsement must be made on specific form available from the Arkansas Economic Development Commission; and,

**WHEREAS**, Cypress Cold Storage, LLC located at 1440 Angell Drive, Springdale, AR 72764 has sought to participate in the program and more specifically has requested benefits accruing from construction of the specific facility; and,

**WHEREAS**, Cypress Cold Storage, LLC has agreed to furnish the local government all necessary information for compliance.

**NOW, THEREFORE, BE IT RESOLVED BY THE QUORUM COURT OF WASHINGTON COUNTY, ARKANSAS:**

**ARTICLE 1.** Cypress Cold Storage, LLC be endorsed by the Quorum Court of Washington County for benefits from the sales and use tax refunds as provided by Section 15-4-2706(d) of the Consolidated Incentive Act of 2003.

**ARTICLE 2.** The Department of Finance and Administration is authorized to refund local sales and use taxes to Cypress Cold Storage, LLC.

**ARTICLE 3.** This resolution shall take effect immediately.

Pursuant to Sec 11-204, Sec 11-71 (2a), and Sec 11-101b of the Washington County Code of Ordinances, notifications were sent by certified letter to all adjoining property owners within 300 feet.

To date, Staff has received comments from two neighboring landowner in opposition. Planning Staff will update the Board should any further comments be received.

## **CONDITIONS OF APPROVAL**

### **Utilities**

#### **Utility Conditions**

1. Any damage or relocation of existing facilities will be at the owner's or developer's expense.
2. All offsite easements that are needed for utility service to the property/properties must be obtained by the developer and easement documentation may be required by the utility company.
3. All onsite easements must be shown on the plat and recorded with the County.
4. It is the owner/developer's responsibility to contact each utility provider to determine what permits and/or easements will be required.

#### **Ozarks Electric Conditions**

1. Any damage or relocation of existing facilities will be at owner's expense.
2. Any power line extension that has to be built to this property will be at the owner's expense. The cost will be determined after the owner makes application for electric service and the line has been designed.
3. All off site easements that are needed for Ozarks to extend electrical service to the property must be obtained by developer and easement documentation provided to Ozarks before work begins. On site easements must be shown on plat and recorded with the county.
4. Please contact Ozarks Electric if you have any questions.

#### **Washington Water Authority Conditions**

1. Please contact the WWA office for additional information concerning standard details and specs. Additional details will be needed to support the water main improvements as shown in the LSD plans with ADH.
2. Water service: please provide peak domestic demand used to size the 2" water meter. Plans will require a unique detail for meter > 1"
3. Offsite extension plans: plans show a 6" watermain connecting from Pearson Ranch Road to the NE corner of the project. The following will be needed if the WWA distribution system is desired to support a fire suppression system
4. The project is shown to run through a neighboring property (parcel 001-12940-000 owned by Mr. & Mrs. Nall). A 20' U/E will be needed across the property. Please show on plans. Also, water main should offset the centerline of WC 655 by 35' minimum to stay out of public ROW
5. On parcel 001-12940-001, owned by Eric Walker, the existing water main resides in a 20' U/E. The proposed 6" watermain is shown to extend parallel to the existing 4"

watermain and is offset by 20'. Additional easement will need to be acquired with the as-shown spacing.

6. Please provide a hydraulic analysis and certification letter stamped by an Engineer registered in the State of Arkansas stating the as-shown 6" is adequate to provide the required fire flows as determined by Arkansas State Fire Code for this project. If 6" is inadequate, please revise as necessary.
7. The end of the proposed line must tie into the existing system to provide a backfeed for the distribution system during times of emergency and prevent water quality issues with the proposed meter service.
8. Please remove the Meter Meter Vault Detail as shown in the plans. These were provided by WWA as an example of what a PRV vault would generally consist of. Please provide a unique construction detail of this vault.
9. Please update plans accordingly and submit construction ready plans to the WWA office for review and approval. Please do not hesitate to call for project specifics in an effort to expedite the review process.

### **Prairie Grove Telephone Conditions**

1. PGTelco has a transport fiber optic line and copper cable that run along and parallel to the north side of Prairie View Rd. Please contact PGTelco before any major excavation begins in this area of the project.
2. It appears the proposed detention pond outlet will be in conflict with PGTelco facilities and need to work with developer to get around these facilities.
3. Contact Shane Bell at 479-841-0980 or Patrick Smith at 479-841-6788.

### **Fire/Safety Conditions**

1. The project will need to be constructed/developed by the Arkansas Fire Prevention Code. Code research and adherence will be the responsibility of the owner or their designee
2. Nob Hill Fire Chief requires turning radius of 38 feet
3. If dead-ends exist, there needs to be a turn-around provided that will accommodate a fire engine
4. Smoke detectors required in all rooms.

### **Road Conditions**

1. Conform to Arkansas State Highway and Transportation Department requirements.

### **Addressing Conditions**

1. A physical 911 address may be required. Please complete the Address Application, if needed.

### **Sewer/Septic Conditions**

1. Please contact the Arkansas Department of Health and adhere to their regulations on septic sewer systems.
2. No parking is allowed on any portion of the septic system.

### **Environmental Conditions**

1. No stormwater permit is required by Washington County at this time; however, applicant must comply with all rules and regulations of the Arkansas Department of Environmental Quality ([www.adeq.state.ar.us](http://www.adeq.state.ar.us))

### **Signage**

1. No signage is allowed within Washington County's road right-of-way (ROW).
2. Signage is limited to 36 square feet in signage with an approximate height of no more than 8 feet. The sign must not be lit from within, but can utilize "up" lighting.

### **Lighting**

1. All outdoor lighting must be shielded from neighboring properties, and any lighting must be indirect and not cause disturbance to drivers or neighbors. Additionally all security lighting must be shielded appropriately (see attached diagram if applicable).

### **Screening Conditions**

1. All outdoor storage and dumpsters must be screened with opaque material (gates must be opaque also).

### **Planning Conditions**

1. Limit the hours of operation to Monday through Thursday from 8:00am to 4:30PM and Friday through Sunday from 8:00am to 10:00pm.
2. No amplified music outdoors.
3. Due to absence of an on-site kitchen, all food services should be catered.
4. Any further additions in terms of expanding the current developed structure or building new structures for either the business or for gathering purposes must come before the Planning Office and potentially the Planning Board.

### **Engineering Conditions**

1. Continue to respond to County Engineer through the LSD process.

### **Standard Conditions for All Projects**

1. Pay neighbor notification mailing fees within 30 days of project approval. Any extension must be approved by the Planning Office (fees will be calculated once the info is available from the post office). This total will be calculated for this project once all invoices are received.
2. Pay any engineering fees. This total will be calculated for this project once all invoices are received.
3. Any further splitting or land development not considered with this approval must be reviewed by the Washington County Planning Board/Zoning Board of Adjustment.
4. All CUPs must be ratified by the Quorum Court.
5. Final inspection approval is required prior to issuance of CUP approval letter.
6. It is the applicant's responsibility to contact the Planning Office when inspections are needed.
7. Per Washington County ordinance Sec 11-75 (7): All plats for land developments approved by the Washington County Planning Board shall be contingent upon receipt by

the Developer of any Federal, State, or local or approvals, if any, whether known or unknown to the Board or the Developer.

8. All conditions shall be adhered to and completed in the appropriate time period set out by ordinance.

### **Springdale Water Utility Conditions**

1. The owner/developer shall be responsible for the cost of any required adjustments to the existing water and sewer facilities due to site grading, paving, lot line adjustments or other matters.
2. Please be advised, the Springdale Water Utilities GIS maps are schematic in nature, and are not intended to represent exact real-world conditions. The City of Springdale Water & Sewer Commission and Springdale Water Utilities make no claims, warranties, promises, or guarantees regarding the accuracy, adequacy, reliability, or completeness of the information therein beyond use as an approximation or estimation, and expressly disclaim liability for any and all errors and/or omissions in its contents.
3. Field locate and verify the location of all existing water and sanitary sewer facilities. Indicate the location of these facilities on the drawing and provide adequate easements, on-site and off-site, acceptable to the Springdale Water Utilities. Easements shall be established such that a minimum 10-foot space shall be provided between the utility and any permanent structure and easements shall be provided such that a minimum 10-foot is between the utility and easement line. Easement widths shall be greater for facilities of excess depth and shall equal two times the depth plus the trench width, but not less than 20-feet.

4. Please be advised that permanent structures, buildings, footings, air conditioning units or pads, signs, retaining walls, awnings, covered walkways, or other items shall not be erected or constructed within utility easements.
5. If perimeter walls, fences, or signs are proposed for the development, detailed drawings will need to be submitted for approval to this office prior to their construction.
6. The Springdale Water Utilities will not allow the planting of trees on water or sewer mains. Please utilize shrubs or smaller plantings within utility easements. The Springdale Water Utilities will not be responsible for the replacement of any planting that may be removed during the course of water and sewer line maintenance.
7. Please be advised that private water meter and sewer service lines, including services from septic systems, cannot cross adjacent properties in order to access service or be located and run parallel within a public utility easement.
8. Verify the elevation and location of the existing water and sanitary sewer lines. Please be advised that there shall be no net decrease in cover allowed. If the cover is below the minimum standard or if the existing water or sanitary sewer lines are damaged due to construction activity, then the Owner/Developer shall be responsible for replacing the existing water and sanitary sewer lines within the proposed project area at the Owner/Developer's expense.
9. Please be advised that requests for meter services larger than a 5/8-inch meter setter for irrigation or larger than 1-inch meter setter for potable water will have to be approved in writing by the Engineering Director of Springdale Water Utilities. Appropriate request forms are available at Springdale Water Utilities Engineering Department.
10. Please be advised that if any new water meter or sewer service taps are needed in the future from existing facilities, they will be installed by Springdale Water Utilities at the owner/developer's expense should capacity exist.
11. Please be advised that both the existing and proposed fire hydrants and meters must be located in a green space a minimum of 4' behind any curb and gutter, 4' behind any sidewalk, and 10' from any permanent structure.
12. No additional meters shall be set. Water system capacity in this area is very limited whereby maximum meter sizing for new installations in this area has been limited to individual 5/8-inch meter sets per tract for new construction. Before any additional connections to the water system are allowed, the developer/engineer will be required to submit a detailed water system analysis for this proposed development showing the adequacy of the existing water system to support this type of development.
13. Please be advised that public sanitary sewer does not appear to be contiguous to or directly available for this informal plat.
