Winslow Dirt Pit

Introduction:

The road department is looking to purchase dirt from Paul Reed. The dirt purchased from his property would be used for improving County roads in the southern part of the County. Brentwood, Winslow, southern parts of West Fork, and as far as Strickler. This dirt would help improve the condition of the southern district maintenance roads that have suffered storm damage and grading over the years, with minimal material being replaced due to time and distance restraints.

We are currently paying \$4.00 per load out of the Hwy 16 Lindsey dirt pit, that has been a great asset to the County roads in the north western districts. The Reed dirt pit would be \$3.50 a load (there was a scrivener's error in the original contract stating \$6.00 a load). Additionally, the 97 dirt pit has been a great asset to the north eastern districts; and the CR800 dirt pit has serviced most of the western part of the County. The need for dirt in the southern part of Washington County is great yet hard to find. In fact, there are no operating dirt pits in this part of the County. All we lack is your approval and the ordering of a restroom facility.

Not competing with public:

Washington County is not competing with the general public as it pertains to this dirt pit. The Reeds are not selling to anyone outside of Washington County; the pit is strictly for our use. If the ordinance for this pit is not approved, it will not result in Washington County purchasing red dirt from any other pit; we will simply continue hauling dirt across the County from our existing pits, with the continued unnecessary cost of travel, wear on equipment, and man hours. Additionally, the drive time across the County lends itself to our employees being at a greater risk for accidents and personal injury, especially on the extremely congested Hwy 16.

Knocking on doors:

In January of 2016, Charles and Brad, on several occasions, went door-to-door on Stout Mountain, Sunset, and other surrounding roads with the intention of locating a site for a Washington County red dirt pit in the southern portion of Washington County. There was no interest from landowners at that time; cards were left so that the Road Department could be contacted in the event that a landowner changed their mind. At the date of this presentation, no landowners have contacted us with an interest in us being on their property for this purpose.

Contract signed before any work was done:

No work began on the haul road until the contract between Paul Reed, Allen Reed, and Washington County was signed. It was the Road Department's understanding at the time that we had done everything we needed to do, and we moved forward.

No mining permit required:

Brad Phillips spoke with David R. Mayo, Jr; State Aid Engineer for the Arkansas State Highway and Transportation Department. Mr. Mayo stated that no mining permit was required at the Reed site because the only use of the red dirt would be strictly for the benefit of the County. All ADEQ regulations still had to be followed, and were being strictly adhered to (drainage, runoff, sediment ponds) up to the point that we were told to clear off of the property due to ordinance issues.

No compaction test required:

The dirt excavated from the property will not be used on major thoroughfares in Washington County that will be chip sealed or paved. It will solely be used for maintenance of roads in the southern portion of Washington County that have been neglected for years, and are currently in disrepair due to rain, wind, grading, etc. resulting in potholes, erosion, etc.

Haul Road:

Due to site distance regulations, the entrance and exit to the haul road will be rerouted. This will result in about 100 yards of unused previously constructed haul road. The new haul road will feed in to what was built in February, and the remaining portion of the constructed haul road will be used as planned. This relocation will result in meeting site distance requirements, as well as negating the use of private driveways.

The existing haul road cost approximately \$14,000, with 7-8 people working 12 days. The 100 yards of unused portion was approximately \$3,000 of that \$14,000. Thus the remaining \$11,000 will be used road. Additionally, the new rerouted road will cost approximately \$7,200.

(old logging road; new haul road)

(new haul road location, leads to entrance/exit)

(Existing portion of old Hwy 71 – possible apron)

Mitigation plan:

Residential Impact:

As it relates to neighbors, dust, noise, and fumes, the impact will be minimal. The Reed site is located in a remote area resulting in almost no traffic on Highway 71 during the hours that the pit would be in operation, with only one additional neighbor, outside of Reed family members, in the immediate vicinity. Written permission will be sought from the Reed's that are not directly contracted with, as well as the one non-family member neighbor. The non-family member neighbor's home sits approximately ½ mile from the location of the Reed pit site. There will also be a dust abatement plan in place, using an existing fresh water pond. No other residential impact is expected.

(existing pond for dust abatement)

(no traffic, at 10:30am)

Industrial/Agricultural Impact:

As it pertains to time of use, esthetics, discharge, and safety issues, minimal impact is expected here as well, and all ADEQ guidelines will be followed.

The pit is expected to be used primarily during Summer and Spring, depending on weather (mild weather in the Fall could extend hauling season). The site location is completely hidden from view of traffic on Highway 71, with the only exception being the entrance/exit to the rerouted haul road for site distance purposes. Discharge issues will be addressed in the ADEQ plan, including an engineer elevation evaluation as it relates to an existing sediment pond. Safety issues will be addressed in the Planning Report, including site distance and the apron for tracking. Additionally, with the shortened drive time for Road Department employees, safety issues for our drivers are mitigated by less time on the road, and working in an area with much less traffic volume on the roads.

Cost savings/trips: **Please see County Operated Dirt Pit Locations map*

On March 29, 2016, the road department ran two trucks from the Highway 16/Lindsey dirt pit in the northwest district of the County, traveling to County Road 110 in the southern portion of the County. During the time frame of 8:30am to 4:00pm, those two trucks were able to run six loads total (three each) from Lindsey to the CR110.

Simultaneously, we ran a “test truck” sequence, with one truck running from the Reed pit site to County Road 110 (the truck was loaded, and worked as if he was going to dump the load, but did not do so). Working in the exact same time frame, this one truck alone was able to haul the same six loads.

The Reed site location resulted in only one truck being used, and only one employee being used, for the same outcome.

The cost savings for this comes in the form of significantly reduced wear and tear on equipment (including mileage and maintenance, including tires), fuel costs, and labor. With an average of five trucks a day running from Hwy 16, it comes out to 375 miles round trip; three trips a day equals 1125 miles a day. This type of mileage on vehicles results in a \$230 oil change/per truck every two weeks, and \$2800 in tires/per truck approximately every month. In comparison, with one truck running from Winslow, twice the number of trips can be made (six trips), coming out to 14 miles round trip; with only 720 miles being put on the equipment. Additionally, the savings in labor for one employee verses three would also have to be factored in at their current rate of pay.

Planning:

Charles and Brad are working with Juliet in regards to planning. A Planning Report will be submitted to the Planning Commission upon Quorum Court approve of the vendor ordinance.

Tracking/Apron:

State approval will be sought to extend an existing apron to the 40x250 paved area for required tracking.

(possible entrance/exit to be extended)

(existing portion of old Hwy 71 – possible Apron)

Engineer:

An engineer will be hired to draw blueprints required by the Planning Commission to address elevation/drainage issues.

How long open:

It is preferred that this ordinance follows the other existing familial vendor ordinances and is open-ended in nature. If a definitive time must be set, we would ask for a 5 year minimum term.

Remediation:

A remediation plan will be in place. Minimal remediation will be required, however, since we will be sloping the side as we excavate.

**BE IT ENACTED BY THE QUORUM COURT
OF THE COUNTY OF WASHINGTON,
STATE OF ARKANSAS, AN ORDINANCE
TO BE ENTITLED:**

**AN EMERGENCY ORDINANCE AMENDING
WASHINGTON COUNTY CODE CHAPTER 2.7 IN
REGARD TO DANGEROUS, POTENTIALLY
DANGEROUS, AND HAZARDOUS ANIMALS.**

WHEREAS, Washington County Code Chapter 2.7 provides for definitions and procedures in dealing with “vicious animals”, and,

WHEREAS, the term “vicious animals” should be changed to be referred to as “dangerous” animals; and,

WHEREAS, a recent tragic event regarding an animal bite in rural Washington County has caused a need for this section of the Code to be revised and strengthened; and,

WHEREAS, the Quorum Court finds that animal control issues are matters of local concern for Washington County residents, that the vast majority of funds expended on animal control enforcement, spay and neuter, rabies observation, construction and maintenance of the Washington County Animal Shelter, adoption and euthanasia have been and will continue to be from the County General Fund; and,

WHEREAS, animal owners whose animals are designated as “Dangerous” or “Potentially Dangerous” or “Hazardous” pursuant to this Ordinance should have an opportunity to appeal that designation, and the most logical forum for that appeal process is the County Court, with further opportunity to appeal to Circuit Court as provided by law.

**NOW, THEREFORE, BE IT ORDAINED BY THE QUORUM
COURT OF COUNTY OF WASHINGTON, STATE OF ARKANSAS:**

ARTICLE 1. Washington County Code Chapter 2.7 is hereby amended to read as follows:

ARTICLE II. - VICIOUS DANGEROUS AND POTENTIALLY DANGEROUS ANIMALS

Sec. 2.7-21. - Definitions.

Animal owner: A person or entity that (1) has a right of property or title in an animal; (2) keeps or harbors an animal; (3) has an animal in his, her, or its care; (4) acts as an animal's custodian; or (5) knowingly permits an animal to remain on or about any premises occupied by him or her or it. ~~Any person having ownership or personal rights in an animal or any person who keeps in his care, acts as custodian for, and knowingly permits an animal to remain, for more than thirty (30) days, on or about any premises occupied by him; except that~~ Any person who notifies the Washington County Animal Control Officer or the Washington County Sheriff's Office of a stray or ~~vicious~~ potentially dangerous, dangerous or hazardous animal shall not be considered the owner of such animal.

~~Any person who only leaves food out on his or her premises for wild animals shall not be considered the owner of said animal.~~

Exotic wild animals: Any snake or animal of a wild, ferocious, fierce or dangerous species likely to create harm or threat of harm in any place other than zoological parks, aquariums, laboratories, circus or other licensed exhibitory shows; or those not under the direct supervision of licensed commercial dealers, State Game and Fish Management Commissioners, Federal Wildlife Services or U.S. Department of Agriculture.

Livestock: Any members of the equine, bovine, ovine, porcine, and ratite species, and confined domestic hares, rabbits and mink.

Pets: Domestic animal: An animal that has been adapted or tamed to live in intimate association with or for the pleasure or advantage of people and includes but is not limited to dogs, cats, birds, rabbits, and hamsters; excluding livestock.

Poultry: All domesticated fowl and domesticated game birds which are kept in captivity.

Police Law enforcement officer: A public servant vested by law with a duty to maintain public order or to make an arrest for an offense and includes a civilian animal control officer employed by Washington County. ~~Any person employed or elected by municipality, county and state whose duty it is to preserve peace or to make arrests or to enforce the law.~~

Police work dog: A dog trained to aid law enforcement officers actually used for police work purposes, for the protection of the public, including the investigation of crime and the apprehension of law violators.

~~Vicious animal: Any animal that:~~

~~(1) Without provocation;~~

~~(2) Upon the first occurrence;~~

~~(3) Attacks or bites a person, livestock, or poultry; and/or~~

~~(4) Approaches a person in a way as to place said person in reasonable fear of unprovoked injury or attack whether it occurs upon streets, sidewalks, public grounds, or private property.~~

~~Or~~

~~Any dog that:~~

~~(1) The owner knew or reasonably should have known had vicious propensities;~~

~~(2) Causes serious injury to a pet.~~

~~In no event shall livestock be considered a vicious animal.~~

Hazardous animal: An animal, regardless of breed, that, when unprovoked:

(a) Chases or approaches a person, without menacing or without an apparent attitude of attack upon the streets, sidewalks, any public grounds, or otherwise off the owner's property in such a way so as to place a person in reasonable fear or apprehension of physical injury; or,

(b) Obstructs, impedes, hinders or interferes with a person's right of way on any public street, sidewalk or public grounds.

Potentially dangerous animal: An animal, regardless of breed, that when unprovoked:

(a) inflicts bites on a human or a domestic animal either on public or private property; or,

(b) chases or approaches a person upon the streets, sidewalks, any public grounds, or otherwise off the owner's property in a menacing fashion or apparent attitude of attack, or any animal with a known propensity, tendency, or disposition to attack unprovoked, to cause injury, or otherwise to threaten the safety of humans or domestic animals.

Dangerous animal: An animal, regardless of breed, that

(a) inflicts, either directly or through an unbroken chain of causal events, serious injury on a human being without provocation on public or private property;

(b) kills a domestic animal without provocation while the animal is off the owner's property; or,

(c) has been previously found to be potentially dangerous because of injury inflicted on a human, the owner having received notice of such and the animal again aggressively bites, attacks, or endangers the safety of humans.

An animal is not potentially dangerous or dangerous if the threat, injury, or damage was sustained by a person who, at the time, was committing a willful trespass or other

tort upon the premises occupied by the animal owner, or was tormenting, abusing, or assaulting the animal or has, in the past, been observed or reported to have tormented, abused, or assaulted the animal or was committing or attempting to commit a crime. Livestock is exempt from the definitions of hazardous, dangerous or potentially dangerous.

Serious injury: Any physical injury that results in one or more of the following:

- (a) Fractured bones or teeth;
- (b) Disfiguring lacerations requiring multiple sutures, stitching, or cosmetic surgery.
- (c) Loss of consciousness, however temporary or slight;
- (d) Puncture wounds of more than a superficial nature;
- (e) loss of blood requiring transfusion;
- (f) amputation;
- (g) loss of sight in either eye for more than twenty-four (24) hours;
- (h) loss of or substantial degradation in hearing in either ear;
- (i) failure or substantial impairment of an organ;
- (j) skin grafting;
- (k) tendon, ligament or other soft tissue damage requiring surgical repair or physical therapy;
- (l) cardiac arrest;
- (m) respiratory failure;
- (n) cessation of brain function; or
- (o) death.

Sec. 2.7-22. Hazardous animals restricted.

- (a) A law enforcement officer shall have the authority to declare and restrict a hazardous animal if the law enforcement officer has probable cause to believe that the animal is hazardous. The declaration must be based upon:
 - (1) the written complaint of a citizen who is willing to testify that the animal has acted in a manner which causes it to fall within the definition of hazardous;
 - (2) actions of the animal witnessed by any law enforcement officer or health official; or,
 - (3) other substantial evidence.
- (b) A hazardous animal shall be, from and after their declaration as such by a law enforcement officer, restricted to its owner's property. The owner shall be responsible for determining how to restrict the animal, so long as the restriction is humane and provides for adequate exercise and protection from the elements of the animal. The hazardous animal must not be tied or tethered to an inanimate object such as a tree, post, mailbox or vending machine.
- (c) Hazardous animals must also be microchipped at the owner's expense at the time that the animal has been determined to be hazardous.
- (d) Failure to comply with the provisions of this subsection shall result in the animal being deemed "potentially dangerous" as provided for in this code, with the applicable restrictions and requirements then being enforced against said animal.
- (e) An animal owner shall have fourteen calendar days from receipt of a written declaration from a law enforcement officer finding the owner's animal to be "hazardous" to file a written appeal to the County Court, with further appeal to Circuit Court, as provided by law.

Sec. 2.7-23. - Permitting animal to go at large; impoundment and restraint. Potentially dangerous animals restricted.

- ~~(a) No animal owner or possessor of any animal covered by this article may at any time permit the same to be in a situation or place where it can inflict injury or be a threat of danger to any human being.~~
- ~~(b) Any such animal known to have inflicted a biting injury upon one (1) or more persons with injury of sufficient severity to require medical treatment shall be impounded and observed at the owner's expense in a way consistent with Section 3 of the Rabies Control Act. (Ark. Code Ann. §§ 20-19-301—20-19-312).~~

- ~~(c) Any police officer who has reasonable grounds to believe that an animal is vicious or uncontrolled or a threat to human safety may impound such animal at the owner's expense or kill the animal if capture poses too great a danger to the capturing officer. The owner shall have three (3) days to pick up said animal and pay the fees accrued therein, or said animal shall become the property of the impounding facility. Furthermore, upon release the owner shall be required to muzzle said animal and/or restrain it in any other manner consistent with section 2.7-22~~
- (a) A law enforcement officer shall have the authority to declare and restrict a potentially dangerous animal if the law enforcement officer has probable cause to believe that the animal is potentially dangerous. The declaration must be based upon:
- (1) the written complaint of a citizen who is willing to testify that the animal has acted in a manner which causes it to fall within the definition of potentially dangerous;
 - (2) bite reports filed with law enforcement or health officials;
 - (3) actions of the animal witnessed by any law enforcement officer or health official; or,
 - (4) other substantial evidence.
- (b) Potentially dangerous animals, while on the animal owner's property, shall be securely confined indoors or in a securely enclosed and locked pen or structure, suitable to prevent the entry of young children and designed to prevent the animal from escaping. Such pen or structure shall have secure sides and shall also provide room for adequate exercise and protection from the elements for the animal. The animal owner shall display signs warning of the dangerous animal along with a symbol for same easily seen by children. The signs displayed shall be easily seen from the public roadway.
- (c) Potentially dangerous animals, while not in a secure enclosure on the animal owner's property, must be securely leashed with a leash no longer than four (4) feet in length and under the physical control of a person 18 years of age or older. When on public property, the animal shall be muzzled in a way that will not cause injury to the animal or interfere with its vision or respiration but shall prevent it from biting any person or animal.
- (d) Potentially dangerous animals must be sterilized and microchipped at the owner's expense at the time the animal has been determined to be potentially dangerous.

- (e) No person may tie or otherwise tether a potentially dangerous animal to any inanimate object, such as trees, posts, mailboxes, or vending machines.
- (f) The County Judge or the County Sheriff may require the owner of the potentially dangerous animal and the animal owner to attend, complete, and pay all costs associated with an accredited obedience/training class or seminar. The Judge or Sheriff shall pre-approve any choice of class by the animal owner, and proof of satisfactory completion of such training shall be provided to the Judge or Sheriff, even if such type of training has been completed by the animal in the past.
- (g) The owner of a potentially dangerous animal shall immediately notify law enforcement if the animal is loose, unconfined, bites or attacks a person, has been moved to a different address or dies; whereupon the owner must provide proof of death. The potentially dangerous animal may not be sold or given away.
- (h) Failure to comply with all restrictions of this section will result in forfeiture of ownership of the animal to the County.
- (i) An animal owner shall have fourteen calendar days from receipt of a written declaration from a law enforcement officer finding the owner's animal to be "potentially dangerous" to file a written appeal to the County Court, with further appeal to Circuit Court, as provided by law.

Sec. 2.7-24. - Investigation; restraint. Dangerous animals restricted – additional requirements.

~~Upon a complaint that any animal covered under this Article is being harbored, a police officer shall investigate such and may require the keeper or owner of said animal to restrain or dispose of such animal in a reasonable manner consistent with this Article, which shall include chaining, posting of warning signs, enclosures, protective barriers, muzzling and destruction or other measures necessary to abate nuisances, unhealthful or inhumane conditions. Failure to comply with said measures shall be deemed a violation of this article, unless a court of law finds that such measures were unreasonable.~~

- (a) A law enforcement officer shall have the authority to declare and restrict a dangerous animal if the law enforcement officer has probable cause to believe that the animal is dangerous. The declaration must be based upon:
 - (1) the written complaint of a citizen who is willing to testify that the animal has acted in a manner which causes it to fall within the definition of dangerous;
 - (2) bite reports filed with law enforcement or health officials;

- (3) actions of the animal witnessed by any law enforcement officer or health official; or,
- (4) other substantial evidence.
- (b) In addition to the provisions and requirements for compliance set forth in section 2.7-23, the owner of a dangerous animal shall comply with the following requirements:

 - (1) The animal owner shall present to the County Judge and County Sheriff proof that the owner has procured liability insurance in the amount of at least \$50,000. The liability insurance, which may be separate from any other homeowner policy, shall contain a provision requiring the County to be named as an additional insured for the sole purpose of being notified by the insurance company of any cancellation, termination, or expiration of the liability insurance policy. All costs associated with the insurance must be paid by the insured.
 - (2) A dangerous animal may not be outside of a dwelling or locked enclosure unless it is necessary for the owner to obtain veterinary care for the dangerous animal or to comply with commands or directions of a law enforcement officer with respect to the dangerous animal. In such event, the dangerous animal shall be securely muzzled, as set forth in Section 2.7-22, and restrained with a chain having a minimum tensile strength of 300 pounds and not exceeding three feet in length.
- (c) Upon a finding that such animal is a dangerous animal, the district or circuit court may order the animal to be euthanized in a humane manner.
- (d) Failure to comply with all restrictions of this Section will result in forfeiture of ownership of the animal to the County.
- (e) An animal owner shall have fourteen calendar days from receipt of a written declaration from a law enforcement officer finding the owner's animal to be "dangerous" to file a written appeal to the County Court, with further appeal to Circuit Court, as provided by law.

Sec. 2.7-25. - Duty of individual to use protective measures. Reserved.

- ~~(a) Any individual who keeps any animal covered by this article shall exercise the highest degree of care to protect children and the general public from attack and danger.~~
- ~~(b) Appropriate chaining, posting of warning signs, or maintenance of the animal within enclosures shall meet the standard of care if such practice reasonably precludes the possibility of inadvertent contact and probable injury in all instances where a child or unsuspecting person might be put into~~

~~unintentional contact with the animal. Under the provisions of this Article, any instance of inadvertent contact, injury or harm shall constitute prima facie evidence of the animal owner's failure to exercise a sufficient degree of protective care.~~

- ~~(c) When public safety requires additional protective measures the animal owner shall provide a protective barrier or other means such as a properly fitted, heavy wire, nylon or leather muzzle which the animal cannot remove, together with a strong durable chain which the animal cannot break or remove, or, where such is appropriate, a strong cage with a padlock locked in place or a strong high chainlink fence enclosure constructed so that the animal cannot climb, jump over, dig under or escape from the enclosure. If these measures are deemed insufficient then said animal shall be destroyed.~~

Sec. 2.7-26. - Penalty and enforcement; appeal.

Any violation of this Article is deemed a Class A misdemeanor punishable as set forth in Section 2-21 of the Washington County Code . Each day that a violation exists shall be considered a separate offense. Furthermore, the County Judge, the County Sheriff, or any individual may institute a civil action to compel compliance with this Article and seek injunctive relief, damages, or other civil sanctions including an award of attorney fees and costs.

Sec. 2.7-27. - Investigation; impoundment.

~~The animal control officer, deputy sheriff, or other police law enforcement officer may order any an animal owner to keep any animal covered by this article restrained or impounded, pending investigation at the animal owner's expense. At the end of any quarantine period mandated by law or three (3) days after a dangerous or potentially dangerous animal comes into impoundment, whichever period is longer, the dangerous or potentially dangerous animal shall either be returned to its owner in accordance with County Shelter policies or it shall be euthanized. In no event shall a dangerous or potentially dangerous animal be adopted or fostered to anyone other than its owner.~~

Sec. 2.7-28. - Complaints, investigation, corrective measures.

~~If any person or groups of persons has knowledge or reasonable grounds to suspect that animal owners are maintaining dogs or other animals in such a manner as to constitute a nuisance by reasons of unhealthful conditions, or maltreatment, they shall have the right to complain to local law enforcement agencies or health officials and such authorities shall investigate the complaint. Such officials shall have full authority to examine complaint the complainant and other witnesses for relevant testimony and to prescribe and counsel corrective measures consistent with section 2.7-23 to the animal owner. If, after a period of ten (10) days, the owner/keeper fails to comply with the corrective measures ordered by health or government officials then such shall be deemed a violation of this Article, unless a court of law finds that such measures were unreasonable.~~

Sec. 2.7-~~29~~. - Abandonment ~~or dumping~~.

~~This Article prohibits and makes it illegal for any person to dump or abandon any animal and such~~ No animal owner or other person may abandon an animal at a location without providing for the animal's continued care. Any such abandonment shall constitute a violation of this article.

Sec. 2.7-~~30~~. - ~~Reserved~~. Confinement of animal when person bitten.

- (a) Whenever a law enforcement officer receives information that an animal, whether domestic or livestock, has bitten any person, the law enforcement officer must have the animal confined and observed in accordance with the provisions of the Rabies Control Act, Ark. Code Ann. §§ 20-19-301 to 20-19-312.
- (b) An offending domestic animal must be confined for a period of ten (10) days at the animal owner's expense by a licensed veterinarian, a public animal shelter, or any other animal shelter or boarding facility with rabies quarantine capabilities, at the discretion of the County Sheriff in consultation with the Director of the Washington County Animal Shelter.
- (c) The Washington County Animal Shelter is authorized to accept offending cats, dogs, and other domestic animals for confinement at the discretion of the Shelter Director. The Director must take into consideration the shelter's animal population and its ability to quarantine the animal for the requisite ten-day period. The Director is authorized to require payment from the animal owner in advance of up to \$40 per day depending on the estimated cost to quarantine the animal.

Sec. 2.7-~~31~~. - Incorporation of State law.

The provisions of the Rabies Control Act, Ark. Code. Ann. §§ 20-19-301—20-19-312 and ~~those statutes regarding cruelty to animals, Ark. Code Ann. §§ 5-62-101—5-62-120~~ are incorporated by reference herein and made a part of this article.

Sec. 2.7-~~32~~. - Costs.

~~In the event~~ If a law enforcement officer or agency, health official or authorized personnel of the Humane Society of the Ozarks are is required or requested to investigate a violation of this article and ~~said complaint~~ the complaint is substantiated then the reasonable cost of the investigation ~~of such~~ shall be assessed against the animal owner ~~or possessor of the animal~~ by the court. Furthermore, if at any time it becomes necessary to impound or ~~destroy~~ euthanize an animal pursuant to this article, then the cost of such shall be paid by the animal owner ~~or possessor of said animal~~, and failure to do so shall constitute a violation of this article.

Sec. 2.7-33. - Proof of compliance with Rabies Control Act.

~~Any police~~ A law enforcement officer investigating a violation of this article shall demand proof of compliance with the Rabies Control Act and failure to produce such shall be deemed a violation of this article.

Sec. 2.7-~~34~~. - Exemptions.

- (a) Nothing in this article shall apply in any manner whatsoever to the official use of police work dogs trained to aid law enforcement officers, if such dogs are being actively used for police work purposes, protection of the public, investigation of crime, and apprehension of law violators.
- (b) ~~Nothing in this Article precludes a dog from "protecting his owner", or any other person for whom he feels loyalty, from physical attack. It is acknowledged that even a dog may defend against injury or battery. This Article does not apply when an individual trespasses on an animal owner's property. However, each dog or other animal owner shall exercise care to make certain that no harm results to an innocent trespasser, such as children, misguided pedestrians, invitees, tradespeople, servants, business associates, social guests and friends. It is further acknowledged pursuant to Act 393 of 1987 that any person engaged in raising or owning domesticated animals has the right to protect said animals from dogs, including the killing of such dogs, if necessary.~~ Pursuant to Ark. Code Ann. § 20-19-102, any person engaged in raising or owning livestock has the right to protect said animals from dogs, including the killing of such dogs, if necessary, consistent with the provisions of Ark. Code Ann. § 5-62-102 to 5-62-126.
- (c) All political subdivisions and municipalities which have already enacted ordinances designed to protect citizens from attack or injury inflicted by ~~vicious~~ potentially dangerous, dangerous, or exotic wild animals shall be exempt from the application of this article.

Sec. 2.7-~~35~~. - No encroachment on other official duties.

Nothing in this article shall encroach upon the official duties or activities of the State Game and Fish Commission, the Federal Fish and Wildlife Service, the U.S. Department of Agriculture, circuses, zoological parks, or aquariums, or other licensed exhibitory shows provided all exercise an adequate degree of care.

Sec. 2.7-~~36~~. - Stray dogs and cats.

- (a) Definition. All dogs and cats in the rural areas of the County that do not have identifying information affixed to them shall be deemed "stray". Identifying information is defined as any type of information in writing or otherwise that

would clearly put a person on notice as to whom the dog or cat belonged and how to contact said owner.

- (b) Impoundment of stray dogs and cats. The Animal Control Officer of the County Sheriff's Office or any other deputy is authorized to take charge and impound said stray dogs and cats at the owner's expense. Failure to claim said dog or cat within three (3) days shall subject the dog or cat to adoption or euthanasia
- (c) Dogs or cats with identifying information; return to owners; and impoundment. Dogs or cats that have identifying information will be returned to the owner at no cost, unless said owner cannot be contacted within twenty-four (24) hours, at which time said dog or cat shall be subjected to impoundment at the owner's expense. Failure to claim said dog or cat within ten (10) days of impoundment shall subject the dog or cat to adoption or euthanasia.
- (d) Violation. This section shall be amendatory to Ordinance No. 92-34 and a violation of this section will be punishable as set out therein.
- (e) Upon the first violation of the ordinance from which this section was derived, said stray dog or cat shall be micro-chipped at the expense of the owner. Any dog or cat impounded more than once shall be spayed or neutered at the owner's expense before being released to the owner. In accordance with State statute, all required vaccinations shall be current before the dog or cat leaves the Shelter.
- (f) Subject to subsection (c) above, the owner of any stray dog or cat to whom said dog or cat is returned shall pay either:
 - (1) \$20 per day to the County, beginning 24 hours after intake, if the animal is spayed or neutered; or,
 - (2) \$200 to the County if the animal is returned, at the owner's option, without being spayed or neutered. Provided, however, that if a dog or cat was spayed or neutered at the time it came into County custody, the return fee provided in Paragraph (f) (1) shall apply.
- ~~(g) Severability clause. If any court of competent jurisdiction finds that any section, clause, sentence, or phrase of the ordinance from which this section was derived is invalid or unconstitutional, that finding in no way affects the validity of the remaining portions of the ordinance from which this section was derived.~~

Sec. 2.7-37. - Notification of exotic wild animals.

- (a) Any person, institution, or organization that chooses to keep and care for exotic wild animals, as defined in section 2.7-21, shall notify the Washington County Animal Control Officer in a manner prescribed by the Sheriff's Office.

- (b) Upon notification of an exotic wild animal being kept in the County, the Animal Control Officer may visit and review the manner of containment of said animals.
- (c) Exotic wild animals must be contained in a manner approved by the U.S. Department of Agriculture, and must be contained in a cage, fence, walled enclosure, building, or any other structure that is of sound construction so as to prevent said animals from escaping.
- (d) Owners or caretakers of exotic wild animals shall post, at the nearest access to a public roadway, at least one (1) notification of such animals and warning against illegal or unsupervised entry on to the property.
- (e) The Animal Control Officer will provide a copy of these regulations to those who submit a notification.
- (f) This section applies only to the unincorporated portions of the County and those incorporated municipalities that do not have the same or a similar ordinance in effect, and it shall be applied to all current and future residents, institutions, and organizations of the County that keep and care for exotic wild animals.

~~Sec. 2.7-37. – Civilian animal control officers.~~

~~Any civilian animal control officer employed by the County is also authorized to enforce section 2.7-21 et seq., and may issue citations for violations of such.~~

~~Secs. 2.7-38 – 2.7-40. – Reserved.~~

Secs. 2.7-38 – 2.7-40. - Reserved.

ARTICLE 2. Any animal previously designated as a “vicious animal” pursuant to the then-existing version of Washington County Code Chapter 2.7 shall retain that designation, and all restrictions applying to said animal shall continue to apply from and after the effective date of this ordinance.

ARTICLE 3. Severability Clause. If any court of competent jurisdiction finds that any section, clause, sentence, or phrase of the ordinance from which this section was derived is invalid or unconstitutional, that finding in no way affects the validity of the remaining portions of the ordinance from which this section was derived.

ARTICLE 4. Emergency Clause: It is hereby determined that it is the public's best interest for this ordinance to be effective immediately; and the general health, safety and welfare of the citizens are affected by such for the reasons as set out above; therefore, an emergency is declared to exist and this ordinance shall be and is effective from the date of its passage.

Habberton Wedding Chapel CUP

The Planning Board/Zoning Board of Adjustments approved (with 4 members in favor, 2 members absent, 1 member abstained) Habberton Wedding Chapel Conditional Use Permit (with conditions) on April, 7, 2016.

Four neighbors spoke in opposition to the CUP proposal at the Planning Board meeting, but at this time no indication has been made that an appeal may be filed. **Staff recommends ratification of the project at this time.**

Habberton Wedding Chapel CUP is requesting Conditional Use Permit approval to allow the use of a wedding chapel and a reception hall in an area zoned Agricultural or Single Family Residential (1 unit per 2 acres) by right.

The owner is John Elliott, of Rockin TJ Enterprises. The proposed use will be located on a 3.92 acre parcel.

The proposal includes a phased construction plan.

Phase 1: Construct the Reception Hall (Barn), 59 space parking lot, and all other site elements, except the chapel, upon CUP and Preliminary LSD approval.

Phase 2: Construct the Wedding Chapel within approximately 1 year of CUP approval.

The septic system design is approved, and was permitted by the Arkansas Health Department on 11-5-2015.

The applicant, along with a number of neighbors, participated in a cost-share program to extend a Fayetteville Water 2-inch water line down Habberton Road to Wilson Lane. From there, the proposal is to run a water service line approx. 950 feet to the project site.

One of the major factors evaluated with this conditional use permit request are the fire safety of the proposed reception hall (barn). The Fire Marshal has requested certain conditions be met including:

- All exits must be marked with exit signage.
- Panic hardware is required on all exit doors.
- All Egress doors must meet 2012 Arkansas and International Fire Code.
- Label ADA entrances to both buildings on the site plan. No parking is allowed on the access drive or the turnaround.
- No extended (event) parking in the area labeled "Delivery Parking".
- Parking capacity should meet "Typical" number of cars expected.

The applicant is in agreement with all conditions, and the project is compliant with State Fire Code.

Staff has received three written comment forms from two neighbors in the area in opposition to this development, and one written comment form in favor of the development.

Addressing Neighbor Comments

There were a range of comments in opposition to the CUP proposal. Below is a summary of the comments, and planning staff's response:

1. **(Neighbor Concern): It will be noisy** – there have been several light commercial uses granted in the recent past, located in areas of Agricultural and Single Family Residential zoning. Conditions were placed on this CUP proposal to help mitigate noise, such as:
 - a) Project should be generally developed as stated by the applicant in their explanation letter.

In the applicant's explanation letter, they addressed the noise issue with the following, self-imposed, condition:

- b) Outdoor activities will be limited by the owner to prevent loud noise. Amplified music will be limited to inside the facility except in the event of outdoor ceremony music. No fireworks will be permitted on the premises.

And there are natural buffers in place as well.

- c) There are multiple fence rows of existing trees which will act to buffer noise leaving the project site.
2. **(Neighbor Concern): There have been similar projects in Goshen and other jurisdictions that had more restrictions/requirements** - Projects within Goshen's city limits are reviewed only by Goshen, and are subject only to the City of Goshen's determinations. Each individual jurisdiction is subject to the laws of that jurisdiction. Therefore, projects inside the City limits of the City of Goshen may be subject to different review standards and requirements depending on the ordinances passed by the City. Washington County cannot speak to the requirements and regulations within the City limits of Goshen or other jurisdictions, however, we strive to treat all applicants equally.
 3. **(Neighbor Concern): Will the additional water usage stress the new 2" water line, and can it support a fire suppression system?** Comments from Fayetteville Water support the adequacy of the new 2" water line. And there won't be a fire suppression system attached to the service line.
 4. **(Neighbor Concern): Additional vehicular traffic** - The applicant estimates 59 vehicles per event. This is not come and go traffic like one might expect with a retail commercial establishment or subdivision, but more similar to a church-type use; one influx and one outlet per event. This is not a large number of vehicles. The speed limit on this road is 35 mph. Planning Staff has no control if people choose to break the law by speeding. We can only make sure that the project meets minimum requirements based on the speed limit.

The road department had no concerns regarding the amount of traffic. The sight distance is adequate for the proposed movements in and out of the site.
 5. **(Neighbor Concern): Fire Safety Concerns** – This CUP proposal is in compliance with Arkansas State Fire code by utilizing the tanker support capabilities/Automatic Aid system of the responding fire departments (Goshen, Nob Hill, and Round Mountain Fire Departments) in accordance with the Fire Code.

The Washington County Fire Marshal has conferred with the responding Fire

Department and found this situation to be acceptable in regard to water shuttling capabilities for tanker support.

Planning Staff Comments Addressing Compatibility

Staff feels the proposed use is compatible with the surrounding area based on the following:

- a) Will not be detrimental to the public health, safety, and welfare – There is adequate fire protection, sight distance from the entrance drive is good, and the septic design is approved and permitted by ADH.
- b) Will be compatible with surrounding uses with conditions – Visually, the site will appear “agricultural” in nature. The reception hall is proposed to look like a barn, is set back off the road, and outdoor music will not be amplified.
- c) Staff feels this proposal is most similar to the Light Commercial category because – it is not incompatible with adjacent residential and agricultural uses; or by conditions placed on such to mitigate its impact.
- d) Staff feels this project is compatible with residential uses because – it is low impact and will not disrupt the normal development of the area. It will not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare as all appropriate utilities and infrastructure will be installed. Additionally, the responding emergency service (Goshen VFD) has reviewed this project and stated that they have adequate equipment to provide emergency services to this establishment.

The Planning Board/Zoning Board of Adjustments approved (with 4 members in favor, 2 members absent, 1 member abstained) Habberton Wedding Chapel Conditional Use Permit on April, 7, 2016, with the following conditions:

Phasing:

Phase 1: Construct the Reception Hall and all site improvements and supportive infrastructure, except the Chapel.

- The Reception Hall and Chapel are both addressed with this Preliminary Large Scale Development proposal and it is presumed that Final Large Scale Development approval will be sought for Phase 1.

Phase 2: Construct the Wedding Chapel within approximately 1 year from CUP approval.

- When the applicant wishes to construct the chapel, they will be required to submit architectural plans to the Planning Office and Fire Marshal for approval. Once these plans are approved, construction on the chapel may commence. Once chapel construction is complete, the applicant must submit for and receive Final Large Scale Development approval for the chapel specifically.
 - If the footprint of the Chapel changes, or any additional site elements are proposed, Phase 2 may be subject to a revised Preliminary Large Scale Development procedure.

Fire Conditions:

1. Proposal must meet 2012 *Arkansas* & International Fire Code.

2. Label ADA entrances to both buildings on the site plan.
3. All access roads and parking area drives must have a 38' turn radius at minimum, and fire lanes and access roads must be compacted to support 75,000 lbs. in all weather conditions.

Health Department Conditions:

1. The septic system(s) must be approved by the Arkansas Health Department (ADH), installed, and then inspected by ADH prior to occupation.
2. No parking (including overflow parking) is allowed on any portion of the septic system, including the alternate area.
3. Physical barriers must be placed adjacent to the alternate septic field to prevent vehicles from entering the alternate area. The barriers must be placed such that driving between them is not possible.

Roads/Sight Visibility/Ingress-Egress/Parking Conditions:

1. The Washington County Road Department requires an apron to connect entrance drives to the County Road. The apron(s) must be paved (asphalt or concrete) and at least 20' x 20'. This must be completed prior to Final LSD. Any extensions must be approved by the Washington County Road Department Superintendent.
2. All entrance drives and parking areas must support 75,000lbs in all weather conditions.
3. Any work to be completed in the County Road Right-of-Way requires a permit from the Road Department prior to beginning work. Any tile that may be needed must be sized by the Road Department. The Road Department may be reached at (479) 444-1610.
4. No parking is allowed within Washington County's road right-of-way (ROW).
5. The connection from the handicapped parking to the building entrance must be ADA compliant.

Environmental Conditions:

1. At this time, no stormwater permit is required by Washington County; however, the applicant must comply with all rules and regulations of the Arkansas Department of Environmental Quality (ADEQ).

Utility Conditions:

1. Any damage or relocation of utilities will be at the expense of the owner/applicant.

Signage/Lighting/Screening Conditions:

1. The proposed sign shall not exceed 24 sq. ft. in size.

2. Signage cannot be placed in the County Right-of-Way.
3. Any outdoor lighting must be shielded from neighboring properties. Any lighting must be indirect and not cause disturbance to drivers or neighbors. All security lighting must be shielded appropriately. Please refer to the diagram in the staff report attachments.
4. The proposed dumpster must be screened with opaque fencing material, including the gate. Washington County Planning will inspect the fencing.

Standard Conditions:

1. Any further splitting or land development not considered with this approval must be reviewed by the Washington County Planning Board/Zoning Board of Adjustments.
2. It is the applicant's responsibility to contact the Planning Office when inspections are needed.
3. All conditions shall be adhered to and completed in the appropriate time period set out by ordinance.
 - o This project requires additional review (Large Scale Development), and therefore, the applicant must submit for Preliminary project review within 12 months of this CUP project's ratification.
5. Project should be generally developed as stated by the applicant in their explanation letter.
6. **The CUP must be ratified by the Quorum Court.**

Additional Conditions

1. Full architectural plans for the chapel must be submitted. They have to be reviewed and approved by the fire marshal prior to construction. If there are any changes to the footprint size or other site elements then additional preliminary large scale development review may be required.
2. Outdoor activities will be limited by the owner to prevent loud noise. Amplified music will be limited to inside the facility except in the event of outdoor ceremony music. No fireworks will be permitted on the premises.

RESOLUTION NO. 2016-_____

BE IT RESOLVED BY THE QUORUM COURT OF THE COUNTY OF WASHINGTON, STATE OF ARKANSAS, A RESOLUTION TO BE ENTITLED:

A RESOLUTION SUPPORTING THE SPRINGDALE CITY COUNCIL IN THEIR REQUEST TO NAME THE SPRINGDALE NORTHERN BYPASS (U.S. HIGHWAY 412) THE JOHN TILLMAN HUSSEY MEMORIAL HIGHWAY.

WHEREAS, the Springdale Northern Bypass is currently under construction between Highway 412 west of Tontitown to west of Beaver Lake; and,

WHEREAS, the Springdale City Council has made a request to the Arkansas State Highway and Transportation Department to name the portion of the bypass going through the City of Springdale after Springdale Police Officer John Hussey; and,

WHEREAS, Springdale Officer John Tillman Hussey lost his life on December 21, 1975, in the line of duty.

NOW, THEREFORE, BE IT RESOLVED BY THE QUORUM COURT OF WASHINGTON COUNTY, ARKANSAS:

ARTICLE 1. That it supports the Springdale City Council’s request to the Arkansas State Highway and Transportation Department to name the U.S. 412 Bypass the John Tillman Hussey Memorial Highway.

ORDINANCE NO. 2016-_____

**BE IT ORDAINED BY THE QUORUM COURT
OF THE COUNTY OF WASHINGTON,
STATE OF ARKANSAS, AN ORDINANCE
TO BE ENTITLED:**

**AN EMERGENCY ORDINANCE CONCERNING
COMMUNITY SEWER SYSTEMS, WASHINGTON
COUNTY CODE 11-99.1.**

WHEREAS, the population growth in Washington County has resulted in a multiplicity of developments utilizing community sewer systems; and,

WHEREAS, said systems have been used in various places across the country for some time and statutes have been enacted regarding such; and,

WHEREAS, said systems are not new to the State of Arkansas and legislation had been passed regarding such; and,

WHEREAS, Washington County once had an extensive ordinance and regulatory system in place regarding community sewer systems, but the Quorum Court repealed the same in reliance on then-existing State law; and,

WHEREAS, the State largely repealed its regulation of community sewer systems with the passage of Act 575 of 2015; and,

WHEREAS, pursuant to ACA § 8-4-203, ACA §14-14-802, ACA §14-14-804, ACA §14-14-805, and ACA §14-236-105, the Quorum Court has the ability to regulate these systems to a certain extent; and,

WHEREAS, the Quorum Court recognizes that community sewer systems have a profound, dramatic and direct impact upon the health, safety and welfare of Washington County residents and upon the economic vitality of the communities they serve; it is therefore the intent of the Quorum Court that this ordinance and the regulations adopted pursuant hereto apply to all community sewer systems operating now and in the future within Washington County.

**NOW, THEREFORE, BE IT ORDAINED BY THE QUORUM
COURT OF WASHINGTON COUNTY, ARKANSAS:**

ARTICLE 1. Community Sewer Systems, also known as Decentralized Sewer Systems, are defined in Washington County Code 11-99.1(a) as follows:

Any system serving two (2) or more individual lots for the collection and disposal of domestic or industrial wastewater of a liquid nature, including various devices for the collection, conveyance and treatment of the treated wastewater effluent and the monitoring of the affected groundwater quality and the management of the associated solid waste byproducts (septage and sludge).

ARTICLE 2. The Responsible Entities (RES) shall include, without limitation, the owner of the system, the permittee of State agencies with jurisdiction over the system, the person, persons, corporation, partnership or other entity that has the managerial, financial and technical oversight over any system, including without limitation, operations and management, permit compliance, recordkeeping, reporting, customer service, billing and collection and is fully responsible for the long-term cost effective operations in accordance with all applicable laws and regulations and performance requirements.

ARTICLE 3. The RES shall charge a sufficient rate or fee that includes reserves for operation and maintenance, emergencies, and capital improvements; the County Judge is hereby authorized to promulgate rules and regulations concerning such, and is also given the County Public Utilities Coordinator to administer all other terms of this Ordinance; and promulgate any additional regulations it deems necessary.

ARTICLE 4. The RES shall within ninety (90) days from the date of the enactment of this Ordinance report to the County Public Utilities Coordinator the following:

- (a) The name and location of the subdivision to be served by said system and the type of system that is being utilized;
- (b) The number of lots to be served by said system;
- (c) The rate or fee that will be charged to each property owner to be served by said system;
- (d) The amount of reserves that will be built into any rate or fee along with evidence indicating how these reserves are adequate and appropriate to provide long-term sustainable system performance and compliance with permits;
- (e) The legal entity that will own and retain the services of the licensed operator of the system and the exact name, address, email address and phone number of said entity and operator;
- (f) A copy of the contract to be executed for the operation of the system;

- (g) Plans to enforce and collect the rate or fee to be charged; and,
- (h) Any other matter deemed relevant by the County Public Utilities Coordinator.

ARTICLE 5. The RES shall report to the County Public Utilities Coordinator, upon request, any matters relevant to the operation of said system including, but not limited to operation and maintenance issues, environmental issues, financial matters, customer service issues, and any other matter deemed relevant by the County Public Utilities Coordinator. A bond or other sufficient guaranty of financial security in an amount equal to or greater than five (5) years of estimated operating expenses for said system shall be posted by the RES in favor of the County to ensure compliance with this Ordinance and any regulations promulgated hereto.

ARTICLE 6. This Ordinance shall be applicable throughout the unincorporated area of the County including the extra-territorial growth area of any incorporated City. This Ordinance shall not be applicable in the event any such system is or becomes owned, maintained, or operated by an incorporated city or other public entity. In the event that an incorporated city or other public entity enacts ordinances or rules and regulations concerning said systems, then the more stringent provisions shall apply. Construction of any new Community Based Sewer System shall require the engagement of an Arkansas-licensed civil engineer at the contractor's expense. Said engineer shall be on-site during construction and shall provide the County Public Utilities Coordinator with weekly written updates as to the progress of construction until said system is complete. The engineer shall certify to the County that the system was built as designed and approved by ADEQ and/or ADH.

ARTICLE 7. The County is authorized to assess and collect a monthly fee from each RES, not to exceed two dollars (\$2.00) per water meter or tap, to defray the administrative expenses necessitated by enactment of this ordinance.

ARTICLE 8. Before or at the time of Preliminary Plat submittal to the County, the Developer must submit a report summarizing the soil findings and system proposals for review and comment to the Health Department and the Department of Environmental Quality. All comments regarding capacity issues must be addressed and approved prior Preliminary Plat approval.

ARTICLE 9. Each system installed in Washington County shall be designed in such a fashion to allow for a singular connection in the event that a municipal system becomes readily available at a future date.

ARTICLE 10. A violation of this Ordinance or any regulation promulgated hereto by the County Judge shall be enforceable by appropriate civil action by the County Judge. Such civil remedy shall include but is not limited to injunctive relief, civil sanctions, removal of the RES, the owner, and/or the operator from operating

or in any other manner managing said system; attorney’s fees and any other costs related to any civil action.

ARTICLE 11. This Ordinance does not authorize the County, any County Department, Board, or Commission to take ownership, permanently or temporarily, or to take over operation or maintenance of any such system.

ARTICLE 12. Severability. If any sentence, clause, article, section, phrase or portion of this Ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portion of this Ordinance.

ARTICLE 13. Retroactivity. The Quorum Court finds that community sewer systems, when mismanaged, constitute a threat to public health, safety and welfare, and that a lack of oversight of said systems on a local level magnify that threat. Therefore, this ordinance is deemed to be retroactive to the effective date of Act 575 of 2015.

ARTICLE 14. Emergency Clause. It is hereby ascertained and declared that regulations on community sewer systems are immediately needed for the preservation of the public peace, health and safety. Therefore, it is declared that an emergency exists and this Ordinance being necessary for the preservation of the public peace, health and safety shall be in force and take effect immediately upon and after its passage.
